**Description:** Victoria is an undisputed expert in fine shading but also enjoys the wider cut. With over 30 years of teaching experience, her methods make hooking simple. In this class you will learn shading in its simplest form by using light, medium and dark values of wool. We will be using wool sizes of 6 cut to create the shading. A chart and worksheet will be included with your kit. Victoria will provide the kit which includes a Bunny/Flower pattern (14 x 14) and the wool for shading. You can use your own wool for the background.

This will be a 1-day workshop with a maximum of 12 students. It is first come, first served for members. A waiting list will be started, if needed.
