KEEP MOVING THE NEEDLE™

Each year, the “hookers” of the State Line Rug Hookers Guild decide on an organization that will benefit from their annual philanthropy project. We are pleased to announce that the recipient for 2021 will be **Rightfully Sewn**. This recipient was chosen with the whole-hearted support from our Guild members.

Rightfully Sewn® provides seamstress training for individuals so they can thrive in a specialized workforce that will reestablish Kansas City as an epicenter of garment manufacturing, while at the same time, propel Kansas City fashion designers to market so they can supply the burgeoning demand for high-quality, American-produced garments.
